MORE READY

Two of Trio Speed Toward Norway in Impromptu Race

THIRD TO LONDON

Mollison Poised for Return Trip, Rome Fliers Also Stand by.

By the Associated Press
Three airplanes were speeding toward Europe from America today—two of them on an impromptu race to Oslo, Norway—and two more stood ready to go tomorrow if weather conditions are favorable.

Thor Solberg and Carl Petersen took off before dawn from Floyd Bennett Field in New York for Oslo with one stop planned at Harbo Grace N.E. Three and a half hours later they reported by radio that they were over Portsmouth N.H. Slightly more than a half hour after that Clyde A. Lee and John Bockton soared along from a field at Barre Vt. with the same goal—Harbo Grace and Oslo.

At the take-off of the latter the two planes were not more than a hundred miles apart.

Later in the morning George Hutchinson and his flying family—himself, his wife and two daughters—left with a crew of four more left Floyd Bennett field for St. John N.B. the first stop scheduled on a 4,200-mile easy-stage flight to London.

William Ulrich, Dr. Leon Pfeiffer and Edna Newcomer plan to leave tomorrow on a non-stop flight to Rome by way of Sicily—where Miss Newcomer is expected to leap out of a parachute to honor Florence Nightingale the nurse.

J. A. Mollison, Scotch flier who completed the first solo flight from Europe to New York last night, waited only favorable weather at Roosevelt Field to start a return solo flight. His Moth plane, termed a flying gas tank, had been given a quick overhaul.

If both Mollison and Ulrich start tomorrow there will be five planes going eastward over the Atlantic at the same time—the highest number since mechanical flying began.

Hutchinsons Plan Easy-Stage Flight

NEW YORK, Aug. 23.—George Hutchinson's flying family took off in the Sikorsky amphibian "City of Richmond" from Floyd Bennett field at 10:07 a.m. today on the first leg of an easy stage flight to London.

In addition to the Hutchinson family which includes himself, his wife and two daughters, Kathryn 5, and Janet Lee 6, the crew of the flight consists of Peter Redpath navigator, Joseph Ruff, motor engineer, G. J. J. Ulrich, radio operator, and Norman W. Wiley, cinema cameraman.

The first stop scheduled is St. John N.B., 511 miles from New York. Unless weather conditions are bad the expedition plans to reach Labrador on the second day, Greenland on the third day, Iceland on the fourth day and London on the fifth day. The distance for the entire flight is estimated to be 4,200 miles.

The purpose of the flight is to demonstrate the safety of trans-Atlantic flying over the air mail route which has been charted by the government.

The plane carries 350 gallons of gasoline.

BLOCK TESTIFIES AT HEARING OF WALKER

Publisher Denies Ever Having Had Official Business with Gotham

By the Associated Press
EXECUTIVE CHAMBER, ALBANY, N.Y. Aug. 23.—Paul Block, newspaper publisher who "cut" Mayor James J. Walker in on a stock market transaction testified at the outer hearing before Governor Roosevelt that he never had a business contract with the city of New York.

Mr. Block, testifying before the Roosevelt committee said he had opened a joint account for himself and the mayor after his young son, Eric, had asked him how the mayor "can live on his salary."

"Did you have in mind when this account was opened that you might some day ask the mayor for a favor?" asked John J. Curran, Mr. Walker's chief of counsel.

"No, certainly not," Block replied.

L. F. Larson, president of the Delaware & Hudson railroad and a member of the mayor's board of judicial control was the first witness.

John J. Curran, Walker's chief counsel, had this morning to point up a brief in with several witnesses to Supreme Court Justice John J. Murphy.

Curran tried hard to do with his attempt to achieve a well publicized trial the greater the better, as the former slogan.

Governor Tells Committee Plan for Help in Stress Era Is Needed

OTHERS PRESENT VIEWS

White First Speaker in Study of Mortgage and Tax Problem

By the Associated Press
COLLINSBURG, O. Aug. 23.—The increase of tenant farmers as a result of the depression and mortgage foreclosures "is a matter of great concern," Governor George White today told a committee he appointed to study the problems of tax delinquencies and mortgage foreclosures on homes and farms.

The governor, the first speaker at a public hearing of the committee, said there is a need for a method to permit home owners to keep their property during the period of financial distress.

Theodore Tangerman, state director of commerce said that each matter relating to the problems before the committee should be treated separately and specific recommendations made.

See Evidence of Leniency

He pointed out that the committee needed a specific statement of just what the government can and cannot do on the problems. Tangerman expressed a belief that the majority of financial institutions are not given over to drastic foreclosure methods but waited until they were forced to take over properties.

Tangerman said he had urged the building and loan companies to borrow from the Reconstruction Finance Corporation but the loan companies had hesitated because of the conditions surrounding the loans, the majority preferring to await the opening of the home loan banks.

More than 100 persons were in the "house chamber" representing various organizations interested in the problems.

L. E. Palmer of Pataskala president of the Ohio Farm Bureau Federation, and Republican candidate for lieutenant governor, opposed the wiping out of penalties on delinquent taxes but recommended that the legislature provide for the issuance of negotiable ten year certificates of deposit by property owners, bearing not more than 4 per cent interest, for payment of taxes.

"Did you have in mind when this account was opened that you might some day ask the mayor for a favor?" asked John J. Curran, Mr. Walker's chief of counsel.

"No, certainly not," Block replied.

L. F. Larson, president of the Delaware & Hudson railroad and a member of the mayor's board of judicial control was the first witness.

John J. Curran, Walker's chief counsel, had this morning to point up a brief in with several witnesses to Supreme Court Justice John J. Murphy.

COUNCIL REJECTS PAY CUT PROPOSAL, ADOPTS BUDGET

U. S. INTERVENTION IN FARM STRIKE LOOMS

Stopping of Trains Brings Threat of Possible Action in Iowa Agricultural "War"

By the Associated Press

SIOUX CITY, Ia. Aug. 23.—The action of federal officials was turned today to the rapidly spreading strike of midwest farmers to higher prices. It is the agricultural "war" continued unabated despite a threat of federal intervention.

The zeal of picketing farmers in stopping trains carrying interstate commerce may be the cause of action by government authorities.

With 200 Iowa farmers patrolling

the farm highways on the back side of the Missouri river near Sioux City in the hope of blocking the private market center, Asst. U. S. Attorney Alvin T. Johnson of Sioux City, told a group of 40 Iowa politicians that the hindering delaying of the flow of shipments could be used as a restraint of commerce under a law of federal law.

At the same time county authorities in Iowa units near Omaha warn a strike train at Omaha.

Sioux City government, with the exception of Gov. R. B. Olson of St. Paul, executive in the country, were told to await developments before taking action.

Oliver yesterday expressed his educated opinion of the strike as to the point of view of the state in the matter of law it is necessary to prevent shipment of farm products.

No legislation was needed depending on the scaling strike. A bill to 400 stockholders of a Sioux City creamery voted by an overwhelming majority to continue up to the end of the plant and were backed by voters of almost 1,000 farmers. Delegations from neighboring sections had urged them to join in the strike.

At Omaha, however, Gov. H. W. L. Smith, in the picketing of highways continued without a great deal of enthusiasm.

Informal Court Held in Room at Hospital Plead Not Guilty

BONDS FIXED AT \$10,000

Condition of East Worse. To Take Others To Jail Soon

CLARK EAST 10 George White and Paul Sterling 28 of Cynthiana recovering at the City hospital from bullet wounds suffered after killing up the Columbia street hardware grocery Saturday night were bound over to the grand jury by Municipal Judge W. H. Martin this morning. Their bonds were fixed at \$10,000 each when they pleaded not guilty and waived examination on charges of robbery.

The men were arraigned in an informal court held in their room at the City hospital this morning. The affidavits were read by Police Prosecutor John Wiedemann as the three men lay in their beds.

The bonds in arraigning the men was explained by Police Chief W. E. Marks as a means of relieving the patrolman who had been on duty at the hospital each day since the men were taken there Saturday night. With the vacation period in effect in the police department together with a reduced force the department can not spare a man to act as guard the chief said. A guard will now be provided by the court.

Maj. Doolittle
Unhurt Landing
Faulty Plane

By the Associated Press

WICHITA, Kan., Aug. 23. Jimmy Doolittle, noted speedster made a spectacular landing without injury to himself here today after being kept off an hour and 45 minutes in his propeller-driven racing biplane by a faulty retractable landing gear. The ship was damaged to such an extent it cannot be repaired in time for the Bendix trophy race from Los Angeles to Cleveland next Saturday.

Doolittle succeeded in releasing his landing gear a few inches enough that the wheels would turn as the plane struck the ground.

The wheels held firmly for a moment but folded again and the plane nose over slightly, bending the propeller blade. By that time the ship was skidding on the fuselage. However, the pilot had been so slackened that the pilot was given only a slight shaking up.

In addition, the report recommended that no city official be asked to turn back any of his other pay. The report was signed by W. G. Black, W. M. Baldwin and E. W. Little, members of the finance committee.

The recommendations, the report says, were made after a careful study of the situation and after conditions had been investigated to eight other cities of the state of about the same size as Marion and who are facing situations similar to this city.

Report on Other Cities

The rate of pay in some of these cities were higher than in Marion, Black chairman of the finance committee said, while in others the wages were about the same and in still others the wages were lower.

In one respect the cities were not far apart, each had a larger number of employees. In the police department the total practically all of the cities had from 20 to 30 men while Marion has but 11 working at the present time. The situation was similar in all departments, he said.

A motion that council consider the reduction plan was made by Committeeman Harry O'Dowd of the third ward several weeks ago. The decision of the finance committee

COLLECTION OF TAX CONTINUES

Assessment of Penalty Held Off in Morrow Co. as Long as Possible.

Special in The Star

MT. GILEAD, Aug. 23—Although Aug. 15 was specified as the final day for the collection of real estate and special assessment taxes, County Treasurer Elroy A. Green and his office force are still occupied in taking in payments. No penalty has yet been imposed on any of the unpaid levies at this time but Green says that as soon as the work of completing the settlement is begun the penalty provided by law will be placed on all delinquencies.

Approximately \$200,000, a greater part of the charge, has been collected. Green says the percentage of delinquent property will probably be as high in this collection than in the last.

Receipt blanks for use in collection of the last half of the personal property tax have been issued by the treasurer but these will not be mailed out as planned by state officials. Instead the duplicates will be given to the taxpayers when he pays his tax and the original copy will be retained in the treasurer's office. Green says the cost of mailing out the receipts in advance of the payment would require too much postage, as in many cases the half of the tax remaining unpaid at this time is little more than the postage would be.

The task of making the settlement for the present tax collection will be started some time this week or next, county officials say. Two or three weeks will be required to complete the work and make the distribution to the taxing districts.

To Take Part in Contest.

BUCKYRUS, Aug. 23—Roy Welsh of Holmes-Liberty will represent Crawford county in the declamation contest to be held at Marion school building Wednesday evening.

Welsh was declared winner from a field of seven contestants at Leesville last week.

Reports Hogs Stolen.

UPPER SANDUSKY, Aug. 23—James Hopkins, of east of this city, reported to the sheriff's office yesterday morning that two 200-pound hogs had been taken from his farm Thursday night.

BUCKYRUS MAN ASKS DAMAGES OF \$10,355

Suit in Court Grows Out of Auto-Truck Crash North of Here.

MORROW COUNTY

MT. GILEAD, Aug. 23—A divorce was granted Monday in the common pleas court to Mrs. Anna Prosser in her suit against Harry Prosser. She was given custody of their three minor children, possession of their household goods, and allowed alimony of \$30 a month for the support of the children.

The suit is the outgrowth of an auto-truck accident three miles south of Bucyrus on the Marion-Bucyrus road July 2, 1932, when Tucker crashed into one of the defendant's parked trucks. Tucker claims that the truck was parked on the highway and that his view was obstructed by another car traveling in front of him.

The amount sought includes \$175 for property damage and the balance for personal injuries.

POTLUCK SUPPER IS HELD BY CLASS

GALION, Aug. 23—Mrs. Mary Crossenwell was hostess Monday night to the King's Daughters class of First Methodist church. A potluck supper was followed with a business session in charge of Mrs. H. J. Seehorn. Devotionals were led by Mrs. Robert Ooster. For the program Miss Anna Stoffel read a story and Miss Katherine Quay gave a one-act play. Contest winners were Miss Dorothy Davis and Mrs. Dorothy Myers.

Mrs. G. L. Stoffel entertained Monday afternoon with a lovely garden party at her home. A one o'clock luncheon in the garden was followed with bridge played at three tables. Prizes were awarded to Mrs. C. H. Cunningham, Mrs. H. H. Frost and Mrs. F. K. Berry.

Members of the L. D. class of Peace Lutheran church met Monday night at the home of the president, Miss Florence Durlacher. Devotionals were led by Mrs. C. A. Schaefer.

Miss Lorella Wihenthaler and Mrs. Catherine Morris were hostesses Monday night to the Good Will club.

About 20 children were entertained Monday afternoon at the home of Mrs. Edmund Daugherty honoring the 50th birthday anniversary of her son, Edie.

SHORT RITES HELD TODAY FOR WOMAN

BUCKYRUS, Aug. 23—Following short funeral services at the home of Mrs. D. M. Sherrill this afternoon, the body of Mrs. Susan Alvin McLaughlin who died at the Sherrill home Monday morning will be sent to Huntingdon, Pa., for burial Wednesday.

Mrs. McLaughlin was born in Huntingdon, Pa., June 8, 1865, and came with her parents to Crawford county in 1876. Surviving are one brother Martin Wallace of Bucyrus and one sister, Miss Mary Wallace of Huntingdon.

Relative Claimed.

BUCKYRUS, Aug. 23—Word has been received here of the death Monday morning of Mrs. Florence Johnson Albright of Columbus, step-sister of Mrs. Arthur Reiff of Holmes-Liberty.

Daughter Is Wed.

ASHLEY, Aug. 23—A young home wedding was celebrated Sunday evening at the home of Mr. and Mrs. E. E. Bishop at 5 o'clock when their daughter Virginia Mac was united in marriage with Glenn E. King, son of Mr. and Mrs. John E. King of Waukon, Rev. M. A. Burks officiated. They were unattended and only members of the immediate family were present.

Rotary To Aid Home.

GALION, Aug. 23—Gordon Stevens has made plans to send money to the crippled children home at Dayton when they meet Monday night.

Addresses Rotarians.

BUCKYRUS, Aug. 23—Paul L. Johnson, assistant secretary of Rotary International of Chicago addressed the Bucyrus Rotary club at its weekly luncheon meeting at the Elks Club today. Mr. Johnson was accompanied here by Fred Hopkins, past district governor of Ohio.

Speakers To Compete.

MT. GILEAD, Aug. 23—Mrs. Alice Scott of South Bucyrus, 19-year-old daughter of the Marion county garage demolition contest and represent Marion county at the Marion school Wednesday night.

GEORGE KELLER DIES AFTER LONG ILLNESS

SHE RUNS BIG CIRCUS But Thinks Business Is for Men.

Funeral Services Wednesday at 7 P. M. at Columbia Street Home.

George Howard Keller, 76, died last night at 11:20 at the home of his daughter Mrs. Belle Thompson of 371 West Columbia street, after a year's illness of a complication of diseases.

Burialing him are his children Mrs. Lava Bryan of Columbus, Mrs. Lila Steele of Cincinnati, Mrs. Thompson, George H. Keller of 6994 North Main street, two step-children Rosalie and Roy Warlicks of Newark, and his sister and brother Mrs. Jennie Howard, Tom Keller and Charles Keller, all of Rosedale, O. James and Luther Keller of Columbus and John Keller of Chillicothe.

Mr. Keller was born May 12, 1867 in West Virginia. He was married twice but both wives predeceased him in death. He was a member of the United Brethren church at Wellston.

The funeral will be conducted Wednesday night at 7 at the Thompson home, in charge of Rev. S. F. Foster of Emmanuel Baptist church. The funeral party will leave Marion early Thursday morning for Wellston, where burial will be made. Short services will be conducted at the cemetery.

**RICHMAN
BROTHERS
COMPANY**

50 West Center Street

Women are out of place in business, says Mrs. Charles Ringling, and this despite the fact she is operating one of the country's largest circuses this summer. Mrs. Ringling, 42, is the first woman to take a major "big top" on the road.

CHICAGO — Even though she herself appears to this country's largest circus properties.

Even though she is in direct command of one of the nation's largest "big tops" —

And even though she has acted as circus ticket taker, has traveled nearly every summer with the circus, and has faced all kinds of emergencies in her work —

Still Mrs. Charles Ringling insists this is a man's world and should be run by men.

First in Her Field

The 42-year-old widow of one of

the five Ringling brothers who started their exhibiting career with an animal show in Baraboo, Wis. in 1882 is the first woman in history to take a major circus "on the road." John Ringling, last of the brothers, is in poor health.

Details connected with the housing and feeding of 2,000 people and charting a six months' itinerary for four trainloads of animals and equipment have left no mark of wear or care on Mrs. Ringling's face.

She married Ringling in Baraboo in 1889, the first year the show discarded its own wagon trains and went "on the rails," and until her husband's death five years ago she made all or part of each season's tour with him.

Gives Man Right-Way

But, though her varied experiences, ranging from ticket-taking in the early days of the show to her present position as overreader, qualify her as an executive or no mean proportions, she insists that "running the world is a man's job."

"I was even against women getting the right to vote," she added.

Home during much of Mrs. Ringling's life, has been under the big top and in railroad trains.

But she has a residence in suburban Evanston, and there reared her two children.

KOSCIUSKO PLANNING ODD FELLOWS' PICNIC

County-Wide Outing for Lodge Members and Families Set for Sept. 18.

Plans for a 1,100 County Odd Fellows picnic Sept. 18 at the Old German church park at Newman were completed by Kosciusko Lodge No. 17, O. O. F. last night. In the lodge room, Mr. G. Williams, past grand patriarch, is general chairman of arrangements.

Committees will be organized in all lodges of the county. The picnic will be open for all Odd Fellows, their families, the Rimbush lodges and all former members of the order. Visitation will be made to all lodges in the county to arouse enthusiasm for the picnic. Kosciusko Lodge will meet in one week.

STATE BOOKS SENT TO GRANGE GROUP

last night in the lodge hall. Routine business was transacted and arrangements were made for the next meeting in one week.

BOWLING GREEN JUVENILES WITH HOLD PICNIC WEDNESDAY.

TAHOOE, Aug. 23 — Bowling Green Juvenile grange has received its second chest of books from the Ohio State Library. Mrs. Irene was appointed librarian.

Plans have been made for the annual picnic to be held Wednesday in the Harry Williams grove.

Committees will be organized in all lodges of the county. The picnic

will be open for all Odd Fellows,

their families, the Rimbush lodges

and all former members of the

order. Visitation will be made to

all lodges in the county to arouse

enthusiasm for the picnic. Kosciusko Lodge will meet in one week.

time, jobs of two or three days were in the point of view of the men who refused to stand by their jobs. Their jobs dwindled to the formula of a simple task given out by one man's son, and he and his brother started to move into their present home and to begin their present enterprise. Craven, employed in a local factory, was also on a part-time schedule at the time.

Encouraged by their success in three months of operation, they are planning to move from the corner of their home into a building which will accommodate increased production. Their policy has been to create a demand for the cleaner and antiseptic, which has a variety of uses, by making house and car canvases, but no direct sales are made. Instead they prefer to create the demand by canvassing and market their product through stores, principally groceries.

Theater News and Reviews

"STATE'S ATTORNEY" ROLE OF BARRYMORE IS TAILORED TO FIT

Tailored to fit John Barrymore is the starring role in "State's Attorney," the picture that will be shown Wednesday and Thursday at the Palace.

But what a perfect job of tailoring it is, and Barrymore turns in a job of acting that will bring you to your feet.

Helen Twelvetrees is good, but it takes a Karen Morley to attract attention in a Barrymore picture. And, by the way, production is going on of "the" Barrymore picture, "Rasputin," that stars Ethel Lionel and John. Ethel is the czarina, Lionel is "Rasputin" and John is the prince.

The Palace is holding over the George Bancroft picture, "Lady and Gent," which opened Sunday to play two days. The last showings will be tonight.

THACKERAY'S NOVEL
ON MARION SCREEN
Merna Loy has the coveted role of "Betty Sharpe" in the screen edition of Thackeray's famous novel, "Vanity Fair." But the novel has been modernized, into "Vanity Fair of Today." The picture opened today at the Marion. Playing opposite Miss Loy is Conway Tearle, veteran of the silent screen.

TWO PICTURES
AT STATE

A scream of a comedy, "The Unexpected Father," featuring Zasu Pitts and Slim Summerville, and with Miss Cora Sue Collins, about the cutest little girl you ever saw, is on a double bill at the State that opened today to play through Wednesday. The other picture is "Disorderly Conduct," featuring Sally Eilers, Spencer Tracy and El Brendel.

Gardner Rites Held.
WESTFIELD, Aug. 23.—The funeral of Charles Gardner, 65, a farmer of near here who died Saturday morning, was conducted Sunday at the home. He is survived by his widow, Mrs. Anna Gardner, two daughters, Mrs. Pearl Beckel of west of Cardington and Mrs. Marie Shaw of Marion, and two granddaughters. Burial was made in the Cardington cemetery.

Man Is Found.
ASHLEY, Aug. 23.—Mrs. W. G. McCurdy has returned home from Detroit after a week's visit with her daughter, Mrs. Carl Turner. Mr. Turner suffered a nervous breakdown and loss of memory, and was missing from his home for nearly two weeks.

SURE, I'M JUDICED, BUT SAYS I'M RIGHT

I get ten cold cash dollars right now in cash. That's what I'll give you if I fail in a Rocker Six and you buy any other new car.

proposition is just this: You take out a car for an hour's trial drive—then if, within a week, you can let yourself buy any other new car at a price below \$600, I'll give you \$10. How good I know the Rocker is. That's what it's proved itself to be to people all over. It's the sensation of 1932—built, red, and guaranteed by Studebaker, and powerful. So come on in and take a ride. Prove to yourself what a value it is. Get to yourself what a value it is. Get to yourself what a value it is.

President's Tea On Opening Program of Research Club

APRESIDENTS Tea at the home of Mrs. George Turner at 381 Main will open the 1934-35 season for members of the Research Club on Oct. 7. A program featuring international and national affairs, education, music and other topics touching the program theme, "America To Is," will interest the members the most.

American Progress will be the program subject for Oct. 17 and on Oct. 25 the members will discuss National Education. A guest day party set for Nov. 14 will include a talk by Senator John W. Warner and the program for Dec. 12 will be on "The American Indian." A Christmas program on Dec. 12 will close the first half of the year's work.

Election of officers will be held Jan. 2 when the members meet for a noon-day picnic at the home of Mrs. Pen Jacoby and on Jan. 16 the members will hear papers on "Hall of Fame Women of Today" will be the subject for the program Jan. 20 and on Feb. 17 the club women will be guests of the Current Topic Club.

"International Affairs" will be

discussed at the meeting Oct. 27 and this program will be featured by a talk on the question of the United States entry into the World Court. March 1, the election day, will be the topic for the April 19 program and Smith and Warner will be discussed at the meeting as far as Oct. 21. The tea on Oct. 14 will be a styling for health and fitness, a styling report.

Interest in the 9th Circle of the National Council of Women is the same now as it was 10 years ago. Mrs. G. C. Cuttman, daughter of Dr. and Mrs. J. C. Cuttman of Marion, Ohio, will be a guest Wednesday morning, Oct. 2, Charles P. Quinlan of Marion.

Mrs. Cuttman is well known in Marion. Her styling will take place at the Junior Civic Center church of Marion.

Dr. and Mrs. W. A. Dennis and teacher of Clermont Avenue will attend the wedding.

Entertainers

Church Class

Miss Margaret Dunner of Silver Street was honored Saturday afternoon to the Royal Helpers class of the First Pentecostal church. A short business session was followed by games and contests in which honor went to Mrs. Helen Jones and Miss Mary Williams. Miss Lois Dunner was a guest. Luncheons were served by the host. The next class meeting will be held Sept. 27.

Pupils To Give Piano Recital

A group of piano pupils taught by Miss Dorothy Cusano of Marion will be presented in a recital Saturday evening at 8 o'clock in the Forest Town Presbyterian church. The latter part of the program will be presented by a group of advanced pupils including Misses Helen Kramer, Ruth Weston, Ruth Williamson, Margaret Rhoads and Virginia Freshour. Frances Haas, 16-year-old daughter of Mr. and Mrs. Fred P. Haas of Forest Town, homestead will be featured in a group of piano solos in this part of the program.

The program which is open to the public will be presented by Jeanne Miller, Elaine Stranwater, Alice Louisa Smith, Ruth Smith, Eleanor Jeanne Grand, Zephiele Moehr, Edward Peatton, James Arthur, Gert, Helen Stiles, Dorothy McElmular, Jeanne Fisher, McMaster, Magdalene, Shirley, Reba Jean, Williamson, Dever, Haas, Mac, Jordie, Epler, Mary, Louise Rice, Betty Bricker, Dorothy, Jeanne, Haberman, Donna Mae Baumgartner and Elizabeth Haberman.

Birthday Party at McKinley Park

A birthday party at McKinley park yesterday afternoon celebrated the fifth anniversary of Ruth Elaine Birowsky of 486 Glad street. Guests included Miss Ruth Casper of Chicago, aunt of the celebrated Herbert William Birowsky of Bremen, Rosalind Rabbie of Binding, Raylene Kahn, Sheldon Teltzbaum, Betty Lou and Bertram Freed. The children enjoyed games and refreshments were served.

KNOT POPULAR

Front knots are giving that added note of neatness to fall hats. Above is a black felt hat in keeping with fall offerings (decorated hats) at Shick's.

My Beauty Hint

BY VIRGINIA BRUCE

THE mid-morning pretty is as pretty does can well be applied in a stronger measure to beauty.

It seems to me that beauty of kind thoughts and good deeds surpasses all the ruffles wrought by fickle mother nature.

For that reason my hint to girls who would be charming and pretty is to be thoughtful and grateful and then you will be attractive to look upon and indeed have every claim to genuine beauty.

Couple Celebrating Golden Anniversary of Wedding Today

FIFTY years ago today Mr. and Mrs. Eliram H. Butcher of 521 Serration avenue were married in Marion. Today they were quietly celebrating their golden wedding anniversary.

Mr. Butcher will observe his seventy-third birthday anniversary Friday. Mrs. Butcher will be 68 on Oct. 9.

Mr. and Mrs. Butcher have lived since they first came to Marion in 1907. From 1902 the year of their marriage until 1902 they lived in Gallia county. For the next five years their home was at Upper Sandusky and from there they moved to Marion.

Mr. Butcher was employed as a toll collector at the Marion Steam Shovel Co. from the time he moved to Marion until July of 1930.

Five of their seven children are living. They are George Butcher at home, Mrs. Harry Lewis and Miss Jeane Ardrie both of 600 Davids street, Jacob H. Butcher of 328 Blaine avenue and Mrs. C. L. Lindsay of 288 Edwards Street. They have eight grandchildren.

Before her marriage Mrs. Butcher was Miss Martha D. Cope of Marion county.

To Hold Picnic Here.

Members of the Ladies Aid and society of the M. E. church of Waldo and women of the congregation will meet for an all-day picnic Thursday at McKinley park here. Dinner will be served at the noon hour.

Mr. and Mrs. Arthur F. Messen- ger and daughter, Mary Jane of West Lafayette, Ind. are guests of

Mrs. Artz Elected to Important Post in Alpha Xi Delta

Mrs. Fred Artz of North Main street was reelected president of Province 1 in Alpha Xi Delta recently at the national convention held recently in Hotel Huntington in Pasadena, Calif. Mr. and Mrs. Artz and the latter's mother, Mrs. G. V. Hutton of North Main street re-joined Sunday from a month's visit to California. Mr. and Mrs. Artz were guests of Mr. and Mrs. John J. Van of Los Angeles for nearly residence of this city and Mr. and Mrs. LeRoy Pehm in San Bernardino.

Mr. Artz will head Alpha Xi Delta activities in Ohio, Michigan and Indiana, a states comprising Province 1, and will serve as president for a term of two years.

National headquarters for the sorority are located in Mansfield.

Personal Mention

Dr. and Mrs. Frederick C. Smith and son Phillip of 739 East Center street have returned home from a week's vacation at Vermilion on Lake Erie. Their son and daughter-in-law, Mr. and Mrs. Frederick G. Smith have left for a five day vacation at a point along Lake Erie.

Mr. and Mrs. Frank Pennington of Plaza City, and Mrs. E. L. Dibbenett and children of York were weekend guests of Mrs. Leona Sanderson of Davids street. Sunday, her out-of-town guests and Mr. and Mrs. James Sanderson and Mrs. E. L. Spain of Marion were dinner guests.

Miss Talc Gilbert of north of Marion accompanied the Grand Parade on Saturday on a day's outing to Detroit. Today the orchestra members went to Sandusky and boated a lake boat for Detroit. They will return tonight.

sociation at Cedar Point, Ohio. (International News Photo)

Victim Sleeps
as Thief "Lifts"
Watch and \$2

George Klingel of 466 North
Prospect street was robbed of \$2
in change and a silver watch while
he with Mrs. Klingel were asleep
in a downstairs bedroom at their
home last night. The articles were
taken from a pair of trousers which
lay across a chair at the foot of the
bed in which they were asleep.

The visit of the burglar was not
discovered until the couple arose
shortly after 5 o'clock this morn-
ing.

Removing a sliding screen from
a window in bath room also on
the first floor the burglar passed
through the bath room and dining
room before reaching the bedroom
in which Mr. and Mrs. Klingel
were asleep. After removing the
change from a pocketbook the
burglar carefully restored the
pocketbook to the trousers pocket.

So far as could be determined
Mr. Klingel said this morning
nothing but the money and watch
were taken although several draw-
ers had been opened. The burglar
left the house by the rear door.

ELKS PLAN FISH
FRY, CORN ROAST

A corn roast and fish fry will
feature the menu planned for the
annual picnic to be held by mem-
bers of Marion Lodge No. 52 B. P.

QUESTION SELECTED
FOR SCHOOL DEBATETax Subject Will Be Used by
Harding Forensic
Teams

The question which will be used
for debate in schools throughout
the United States in the coming
school year was announced by
Dr. Bain, debate coach at Harding
High school.

The question was announced in
advance of the opening of the
school term because of the keen
interest the debate students have
shown this summer in learning the
subject for discussion next year.

As stated by the National Forensic
League, the question will be:

Resolved that at least one-half
of all state and local revenues
should be levied from sources
other than tangible property. The
subject is being sponsored by the
national league and will be

debated at the National Forensic
League meeting in Chicago on Aug. 27.

Resolved that the district

high school debate team

should be limited to five

members from each school.

One Speech Too Many.

Governor Roosevelt's acceptance speech, like many

political utterances, does not stand up well under

the analysis which comes after a few days of re-

flection. Like his Chicago speech, which, as a ro-

rantic political fad it was, was written as he

winged his way by airplane to the convention, the

address the Democratic candidate delivered in Columbus

has the superficial qualities of directness

and pointed criticism, much less constructive than

was to have been hoped.

As the opportunity is afforded to read it over
again and study its significance one finds consider-

able that smacks of demagoguery, an abundance

of hindsight that enables him to lay certain charges

against President Hoover and considerations that is

no more nor less than the political promises expected

under the circumstances.

The governor observes political tradition by charg-

ing against President Hoover many of the ills the

country has suffered in recent years. He accuses

him of failing to warn the country that economic

disaster was becoming acute, thereby endowing the

presidency not only with the duties of an executive

but also with the genius of an economical prophet.

This is both an orthodox and an expected part of

his speech. Undeniably Mr. Roosevelt is on the

offensive during this campaign as is every can-

didate who seeks to out an incumbent but he pro-

poses nothing constructively. He does not indicate

what he would have done had he been in the pre-

sident's chair at a time when the whole world went

into a decline. He does not even set forth what

he, as governor of New York, has done during this

same period to relieve and overcome the same con-

ditions.

In the more serious part of his address Mr. Roose-

velt as The Boston Herald expresses it, tries to

"regiment Main Street against Wall Street." He at-

tacks the concentration of industry and commerce,

and proposed governmental regulation of stock mar-

ket administration, a doctrine that comes a little

strangely at a time when successive governments have

been one of the bugaboos which his party is accus-

ing him to hold before the public. He makes the

charge that the government has aided and encouraged

speculation in foreign securities, a statement

which has already brought a frank denial from

official sources.

He struck out with lusty blows at features of

government and administration which he calls evil

but he reaches an anticlimax with the feeble asser-

tion that "before this campaign is ended I shall state

fully to the country my policies with regard to the

conduct of government." This makes him a physi-

cian who finds that the patient is willing, who

quibbles over the treatment that has been admin-

istered and then waits for his own diagnosis in the

hope that natural conditions will bring the restora-

tion of health or at least produce some symptoms

which will make the treatment easier.

Had Governor Roosevelt followed his criticism

with some constructive program for improvement

the public would have felt much more confidence

in his plan of attack. As the matter stands he

merely gave a political harangue based on the cu-

tomy and enjoyment of the stump speaker

but he failed to give the country much concrete evi-

dence of constructive statesmanship.

The disappointment over his failure to indicate

what the Democratic party proposes to do to im-

prove conditions, in the event that Governor Roose-

velt should be elected in November, is shared by

some of his own party leaders who are still without

light as to whether they are being led under his

guidance.

There is an inescapable feeling that Governor

Roosevelt would have been in a stronger position

politically if he had allowed his spectacular

and apparently spontaneous speech in Chicago to stand

as his principal declaration of the campaign. There

were picturesque reasons why that address might

avoid or ignore fundamental issues. There is no

reason why the carefully prepared speech of Satur-

day should not have set forth the governor's policies

if he has any.

Faster Planes.

It has been a source of chagrin to many Americans that this country, leader in the development of air-
craft, should lag behind European countries in per-
fecting of those amazing racing ships which hurl
themselves through the air with the speed of a
bullet.England, Italy, France and some of the smaller
powers have been busy with planes which set four
miles a minute as their mark but the United States
has been an outsider in the Schneider cup races for
many years because our government does not
provide the money for building the necessary experimental ships.Rear Admiral Moffat of the navy's aeronautics
staff, tells the National Aeronautic association that
he hopes in the near future to see the United States
building planes which can compete with honor
against those lightning-fast foreign ships and that
he also envisions a greater flying boat than the D-2X
with a speed of 100 miles an hour and able to land
and take off in rough seas.

SALT DIFFERENCE IN PRISON.

The sheriff in charge of the House of Correction

at New Bedford, Mass., says judges still sentence

offenders to his institution at hard labor. All of

the jail industries were closed some time ago, he

says, so there is no labor. But then, a workless

workhouse is in keeping with the times. New Len-

ox says.

OUR MILITARY PLANE.

Admiral Moffat tells the association, are unsurpassed but naval aircraft is

behind that of other lands. A nation with a great

coastline dotted with important cities against which
attack would be launched if this country were ever
to be attacked can not ignore or neglect its naval
defenses, and airplanes capable of plying 200 miles
in an hour and supported by flying cruisers which
measure their carrying capacity in many tons are
believed by experts and laymen alike to be the most
vital aspect of such a defense.

A Questionable "Relief" Policy.

The policy adopted by the state highway depart-
ment in prohibiting the use of certain types of
machinery in highway construction work has been
brought into question. Industrial and business lead-
ers are of the opinion that this is an unwise plan,
even if in effect only temporarily.The idea of the state officials is, of course, that by
away with machinery and substituting hand
labor, employment can be provided for a larger
number of men. Against this is the argument that
by discarding machinery, men engaged in its manu-
facture and repair are deprived of employment.The question is one which state officials obviously
should consider carefully and thoughtfully. It is a
serious matter indeed, to put into effect any pro-
gram which presents possibilities of jeopardizing
industries which represent a means of permanent
livelihood to workmen and their families and upon
which the future of the country depends.This issue was the subject of an interesting and
timely editorial which appeared recently in the
Engineering News-Record. It relates to an unusual
and strange ceremony that took place in Montreal
in which a miniature steam shovel was "buried," to
symbolize the substitution of hand labor for ma-
chinery operations. The editorial, under the subject,
"More Than Shovel Buried," reads as follows:"Upde in hand, Alderman J. M. Savignac, of
the executive committee, faced a gathering of
over 100 workers in the black fields surrounding
the C.P.R. tracks on St. Joseph Boulevard in the
east end on Saturday afternoon, and proudly
buried a toy steam shovel.Workers threw hats in the air, cheered and
danced as the alderman, once finished with the
burial ceremony, announced gravely that "this
action is symbolic of the future policy of the
administration in regard to public works de-
signed for the relief of the unemployed." He added
that in most works to be carried out under
a \$4,000,000 relief works program, hand labor,
and not mechanical labor, will be used. "The
worker comes into play," he said. "The steam
shovel is buried."The above quotation is from an account of
the start of work on a new railway underpass
published in the Montreal Gazette of Feb. 22."The toy shovel is buried; but over in a shop
in the Lachine section of Montreal stands a real
steam shovel unused but unused. It was built
in the hope of selling it for use on just such a
job as that at which the toy shovel was buried.
The builder, failing to make a sale, reluctantly
tells some of his men that he will have to lay
them off. And nearby is a foundry that makes
the parts. It also finds its business dwindling
and turns some of its men into the street to seek
jobs at a time when the whole world went
into a decline. He does not even set forth what
he, as governor of New York, has done during this
same period to relieve and overcome the same con-

ditions.

In cases of disease where the signs are obscure, he can rely upon the X-ray to aid him in making a diagnosis. Of greatest importance is the use of the X-ray machine in detecting certain abnormalities within the body, which now are discovered before they have given rise to any signs of disorder.

It would be impossible to estimate the number of lives that have been saved by the aid of the X-ray machine. Since 1895 medicine has greatly changed. In former years doctors exerted their efforts toward the treatment of disease and relief of suffering. Today, in addition to relieving pain, the physicians try to prevent disease. This real science, called "preventive medicine," would be of little avail were it not for the discovery of the X-ray.

In addition to tuberculosis of the

chest, other diseases, such as abscesses, pleurisy, enlarged heart and tumors can be detected by means of the X-ray. Abnormalities of the stomach, intestines, gall-bladder, kidneys, bones and joints, also cancer and other serious diseases, are quickly discovered by an X-ray examination.

If one has an X-ray picture, do so at once. Never hesitate, because the process causes no discomfort, and delay may be dangerous. Copyright, 1932, King Features Syndicate, Inc.

"And what of the dollars wasted in moving
bit by hand that could be saved more cheaply
by steam shovel? Could they not have been
spent to better advantage providing useful work
for others elsewhere?"Yes, Mr. Savignac, you buried a toy shovel,
but with it you buried the source of the prop-
erty of your great city. Today you do not see
the effect, but next year and the year after it,
if our shovel-hunting policy is continued, there
will be no need to construct new crossings under
the C.P.R. tracks in order to open up new sec-
tions of the city, nor will there be tax money

to provide for expansion."

Comment of the Press

FLIGHT OF THE STORM.

Scientists, analyzing the census figures, paint a
gloomy picture of the white man's future on this
planet.Dr. Kuczynski of Brookings Institution concludes
that the population of western and northern Europe,
North America and Australia combined no longer
reproduces themselves.Dr. Spangler of the University of Arizona declares
that "now in the agricultural white nations, amongAsiatic people and in Egypt do we find a high birth
rate. In industrial countries the birth rate has been
cut to two within the last half-century."In the United States, it is predicted, birth-control,
urbanization and other causes conspire to slow down
the birth rate to a point that in three decades will
make our population begin to decline. Already the
white populations of Massachusetts, Connecticut,
New York and Pacific coast states and the Negro
population in 16 northern states and in all the cities
are on the wane.The 2,000,000 new babies this country would
have each year to keep its numbers stationary, Dr.Spangler believes, will be less than 2,000,000 in a
few decades.

The danger lies not only in our own dwindling

race but in the increased populations in nations
more poorly endowed than ours in natural resources.Japan, for instance, produces 200,000 new babies each
year in excess of deaths. And as Dr. Rose says, the
first enemy of the dove of peace may not be the
eagle but the stork.What to do? Dr. Spangler urges a system of
wages for parents. Since children are no longer
profitable in an urban civilization, the state must
make them so. His suggestion of a \$5,000 subsidy
for each child sounds a bit fantastic. We believe the
situation will improve with better economic
conditions.If we can absorb the 10,000,000 jobless, provide
wages for parents. Since children are no longer
profitable in an urban civilization, the state must
make them so. His suggestion of a \$5,000 subsidy
for each child sounds a bit fantastic. We believe the
situation will improve with better economic
conditions.

HAUSER BLASTS TWO
HOMERS AS MILLERS
LOSE TO RED BIRDS

Minneapolis Slugger Out To
Set New Record in As-
sociation.

By The Associated Press
CHICAGO, Aug. 23—Joe Hauser,
who set a new International League
record for home runs in 1930, may
yet do the same thing for the
American association.

Hauser, now with Minneapolis,

started the season at a rousing clip

and by July 21 had belted out 34

home runs. At the rate he was

going, he looked like a clinch to

wipe out the

standard of 54

for a season, set

by Nick Cullop,

while a member

of the Millers in

1930.

Yesterday he

had another one

of his good days,

hanging out two

circuit drives and

driving in seven

JOE HAUSER

runs for Min-
Hins. No. 48

reunited with Columbus, giving

him 46.

Hauser's day was a big success

but the Millers didn't do so well.

In spite of the big first baseman's

hitting, the Red Birds squeaked out

an 11 to 10 victory, cutting a full

game from Minneapolis' leading

margin.

Marquette won its sixth straight

victory, beating Indianapolis, 8 to

1, in a ten inning battle. The tri-

umph did little for Milwaukee,

which is well out of the race, but

the defeat dropped the Indians to

two games behind Columbus.

Home runs also gave Toledo a 6 to

4 victory over St. Paul.

Gahmier got one with two on, and

Oell Hale connected with one on

to provide the necessary punch.

A job of eight pitching by Dick

Bass, rookie, was the big factor

in a 7 to 1 victory for Louisville

over Kansas City in a night game.

CAREY RALLIES TO
BEAT COLUMBUS

Don Doherty's semi-pros of

Carey came from behind Sunday to

trip the Columbus Travellers 7-4

before one of the largest crowds

to see a ball game in Carey this

season. The semi-pros trailed for

five innings but rapped out three

hits for four runs in the sixth to

take the lead. Myers of the win-

ners clamped out three hits in four

at bat while Ely of the

Travellers smacked out a home

and three singles in four times up.

Carey will meet Delaware

champions of the Heart of Ohio

league next Sunday.

Batteries and score by innings:
